PRODUCT DESCRIPTION
TRANSFER THICK OILS ON THE GO!
Transfer oil efficiently with the this 24VDC - the professional-grade DC oil transfer pump engineered for high-demand environments.

Key Benefits:

- Rapid oil transfer and dispensing
- Battery-powered mobility
- Industrial-grade reliability
- Continuous 30-minute operation
- Superior thick oil handling

Perfect For:

- Auto repair workshops
- Industrial facilities
- Mobile service units
- Off-grid applications
- IBC tank transfers

PROFESSIONAL-GRADE PERFORMANCE
The Viscomat DC handles medium to high-viscosity oils up to 2000 cSt with exceptional precision. Its advanced gear rotor design (superior to traditional vane pumps) ensures consistent performance and extended durability even with thick oils.

Technical Specifications:

- Operation Time: 30 minutes continuous cycle
- Viscosity Range: Up to 2000 cSt
- Power Source: 12V DC (Battery-powered)
- Built in Bypass
- Design: Heavy-duty gear rotor system
- IP55 Protection from Dust and light rain
- 68 PSI
- 4.7 Bar
- 300W
- 35 Full load Amps
- 3/4"BSP
- 2900RPM
- 13.6X6.9X10

VERSATILE WORKSHOP INTEGRATION
Whether you're working with:

- Individual drums

- IBC tanks
- Drum Viscomat kits The Viscomat DC adapts to your setup, requiring no external power or compressed air connections.

WHY CHOOSE THIS PUMP

1. **Freedom of Movement**
   - No need for power outlets
   - Portable design
   - Perfect for mobile services
2. **Professional Reliability**
   - Industrial-grade construction
   - Enhanced gear rotor system
   - Built for continuous operation
3. **Workshop Efficiency**
   - Quick oil transfers
   - Clean, safe operation
   - Minimal maintenance required

PERFECT FOR YOUR OPERATION

Ideal for workshops that demand:

- Fast oil dispensing
- Reliable performance
- Flexible installation options
- Mobile solutions
- Long-term durability

Additional Resources:

- Technical Support Available
- Comprehensive User Manual
- Spare Parts Catalog
- Installation Guide

Note: This premium oil transfer solution comes with full technical support and documentation to ensure optimal performance in your facility.
