Weight	3.5 lbs
Dimensions	4.4 x 3.1 x 3.7 in

PRODUCT DESCRIPTION

The K600/3 is an electronic gear flow meter that is specifically designed for controlling the dispensing of diesel, oil, and other fluids for non-commercial use. It features a display that shows a partial total of five digits with a floating point ranging from 0.001 to 999.99. Additionally, it has a non-resettable total of eight digits with a height of 5mm, ranging from 1 to 99999999.

It utilizes acetal resin oval gears and an aluminum measuring chamber body and comes equipped with an integrated suction filter to ensure safe dispensing, free from impurities that could potentially cause blockages.

*1" NPT

*15 GPM Max Flow Rate for oil

Works with Motor oil and Diesel

*± 0.5% Accuracy

*0.2% Repeatability
