

**LOW VIBRATION SANITARY PUMP 100GPH**

**SKU:** SP215-22-180

**Price:** \$9,505.00

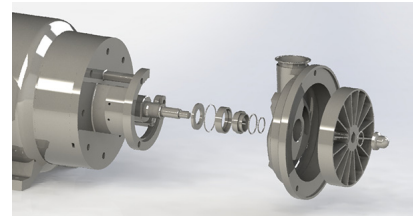

Self Priming

For Sanitary Applications

316 stainless contact parts

Custom Electric motors - 120V/230V/480V/Explosion Proof/Washdown

**Categories:** [Stainless Pumps](#) |

**SPECIFICATIONS**

<b>Weight</b>	50 lbs
<b>Dimensions</b>	20 x 14 x 16 in
<b>Fluid</b>	Sanitary or Caustic Fluids
<b>Voltage</b>	120V, 230V, 460V, 12V, 24V, 3 Phase
<b>Speed</b>	60GPM

## PRODUCT DESCRIPTION

The self-priming capability of Ampco's SP liquid ring pumps make them ideally suited for CIP return applications and for handling products with entrained air.

- The ability to handle products with entrained air makes SP pumps extremely efficient for emptying tanks and drums.
- Tight manufacturing tolerances and the unique vane-shaped impeller enables SP pumps to handle shear sensitive products efficiently.
- SP pumps are available with either single or double external mechanical seals. • Standard adapters are made of 304 SS to resist corrosion.

\*Pumps are in conformance with 3A sanitary standards for centrifugal and positive rotary pumps for milk and milk products, Number 02-10.

SP-Series pumps have a standard 32RA (150 grit) finish, on all product contact surfaces.
