PRODUCT DESCRIPTION

Dust Plugs (DP) can be used with type B, Type C and D couplers to seal off the end of the connection

Product Description:

- The Type DP is a Male Adapter x Dust Plug. (**Sealed on one side**)

How To Use:

- To connect, slide the Type DP Adapter into a Female Coupler and then close the two cam handles.
- To disconnect, lift up the cam lever arms and uncouple the two fittings.

To Install:

- Slide the Male Cam & Groove Dust Cap into a Female Coupler and then close the cam arms.

Will Connect with:

- The adapter portion will couple with a **Female Coupler**.

Used for:

- Installing a Male Cam & Groove End Plug into a Female Coupler to prevent contaminants and dust from entering.
- Connecting with a Female Coupler of identical size.

Sizes:

- This Aluminum Adapter is offered in sizes starting from 1/2" all the way up to 8".

Material of Construction:

- Constructed out of Aluminum.
- For other materials scroll down to **"Related Products"**.
